SAM SITES AND SUPPORT FACILITIES IN THE USSR

25X1D

Analysis of [redacted] photography has continued since the last OAK-reporting period in order to locate and identify SAM sites and support facilities not previously reported in [redacted] (see referenced document).

25X1D

25X1D

This brief presents a tabulation of new SAM sites not identified during the OAK-reporting period (Table 1). It also includes a summary of SAM sites and support facilities at complexes and installations covered by [redacted] Table 2). This summary includes not only those new SAM sites and support facilities identified on [redacted] but also those previously identified on other photography. Further information on new SAM sites and support facilities will be reported as appropriate.
